

SOLID BAIL WEDGE CLAMP

Product Details

- Service Wedge Clamps are used for low-tension dead-ending of ACSR, AAAC, and Aluminum Conductors.
- Wedge Clamps shells have a pre-applied gritted electrical joint compound to strengthen hold on conductor.
- Allied Bolt Wedge Clamps feature a notch in the bail wire to prevent the bail from disassembling after installation.
- All Wedge Clamps are formed from high-strength T2024 Aluminum.
- Bail wire is 6-1/2" long and is formed from Type 304 Stainless Steel.
